To Whom It May Concern:

As Executive Director the accessibility division of Excellence Canada, it has been my pleasure to work with Sarah White for the past five years as our Director of Accessibility Education and Consulting. During that time, Sarah has been instrumental in developing programs, resources, and supports for businesses that desire to achieve excellence in providing or improving access for their consumers with disabilities. She has earned the reputation as an excellent presenter and educator, garnering enthusiastic praise from students. Her caring attitude, extensive knowledge, and teaching ability are above reproach.

Mental health disabilities have been an area of growing interest for Sarah. She has been involved in the promotion of our Mental Health at Work program and has presented on that topic for various conference groups over the last two years.

In my view, the Mental Health First Aid Instructor Course will be a wonderful addition to her already broad skill base and you will find her to be a positive addition to your course. I highly support her application and look forward to her delivering programs for our clients in the future. Should you wish to speak to me personally, do not hesitate to contact me at 416-795-7600.

Yours sincerely,

David M. Segal
